The Bible reading plan is posted in three-month increments.

Many use the Bible reading plan as a guide for reading the whole Bible in one year; however, it depends upon the individual in how they desire to use the Bible reading plan. This plan is designed to be used at any time of the year, so one can still accomplish reading the whole Bible in one year no matter when or what time of the year they have started. An individual can print out the plan and mark off what book and chapter they have read and go at their own individual pace.
